

# Amiad Tagline Screen Filters

Application Residential / Landscape Irrigation

1.5" Super Tagline

## Why Amiad's Tagline filters are your best choice

- Easy maintenance & minimal manual cleaning required
- Higher flow per filter
- Algae growth prevention & corrosion resistance
- 1 1/2" - 3" Tagline filters are also available with disc elements

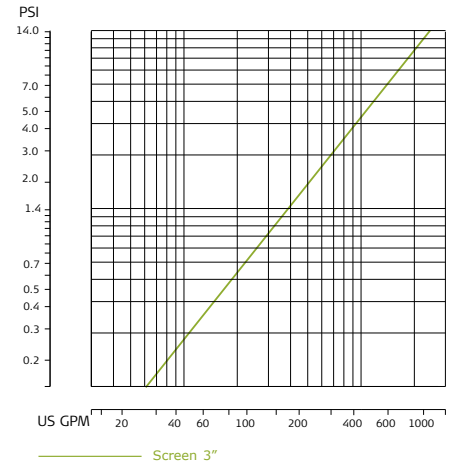

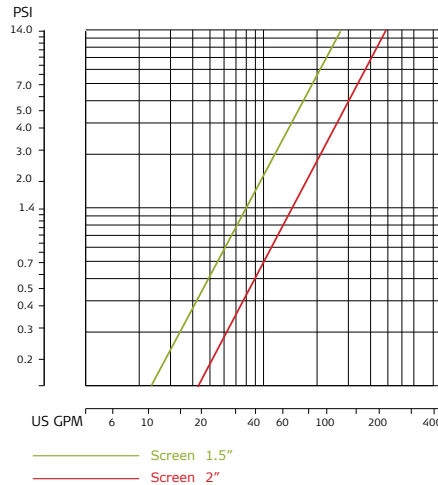

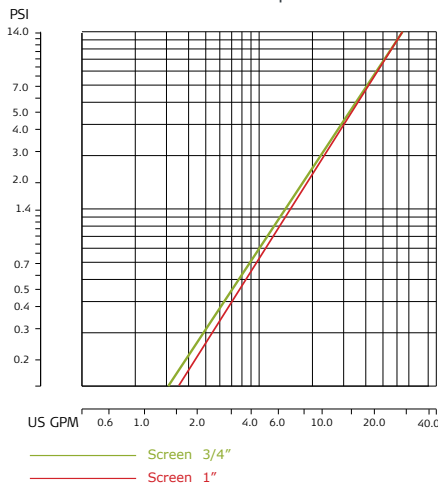

## Characteristics:

- Large screen area
- Durable stainless steel screen
- UV resistant polypropylene filter body

### Specifications

Filter Model	3/4"	1"	1 1/2" S	2"	3"
Maximum Flow (gpm)	13	22	66	110	220
Screen Area (in <sup>2</sup> /cm <sup>2</sup> )	17/110		53/340	72/465	108/700
Maximum Operating Pressure (psi)	120				

### Pressure Loss Graph

# Tagline **VS** Competition

## Why Tagline wins every time

Unrivaled filter performance and decades of filtration expertise make Amiad Tagline Filters the optimal choice in water filters for Landscape and Residential Irrigation.

### Features and Benefits Comparison

Tagline	Competitors
Large Screen Area	Small Screen Area
Durable Stainless Steel Screen	Fragile Nylon Screen
Solid Screen Cover	Transparent Cover
Prevents Algae Growth	Encourages Algae Growth

Tagline Screen

Competitors Screen

### Screen Area and Cleaning Frequency Differences

Filter Model	Amiad Tagline Effective Screen Area (square inches)	Competitor Effective Screen Area (square inches)	Amiad's advantage in screen area	Amiad's Cleaning Frequency Requirement vs competitor
1"	17	7	250%	6 times less
1 1/2"	26	11	240%	6 times less
2"	72	18	400%	17 times less

Amiad Tagline filters are made of high quality engineered polymeric materials providing excellent mechanical strength durability and ease of installation.
